

Minutes: Alden Building Leadership Team Meeting January 23, 2007

In Attendance: Tom Libka, Bill Yager, Maryellen Nerf, Jean Ross, and Ronnie Jarvis

- The Millbrook Education Foundation Grant requests are in and with the exception of Jr. Interact and Odyssey of the Mind, all proposals have moved on for consideration. These two programs have been funded by the MEF for two years and need to get included in the School budget at this point. Library Automation among the grant requests being considered.
- The School store has three-panel poster displays for the Science Fair in stock and will sell them for \$4/each. We are already looking to compile the supply list for next year.
- Through the help of the MEF grants and other technology grants, Alden has improved their computer inventory substantially. The staff will continue to assess the computer needs and inventory within the school.
- Mr. Libka and the faculty are working on taking a student survey regarding bullying at Alden. Alden currently has about 9 out of 12 faculty members participating in the Responsive Classroom Character Education program. This program hopes to address topics such as bullying and provide the students with a forum to talk about such issues.
- With the addition of some classroom space, storage has become an issue at Alden. With input from the BLT, Mr. Libka and the faculty are looking at the best use for each available room and ways to enhance the appearance of those rooms.

The next two meetings will be held Tuesday, February 6th at 8:20AM and Monday, February 26, 2007 at 3:20PM in the Alden Library.
