Mitchell Shron, Principal of the Career and Technical Institute at DC BOCES presented a PowerPoint presentation on the Centralized Campus Building Project. This project would put all the BOCES students and staff on one campus. It was noted that the BETA site is a rental that is not in the best of shape. Last year the building flooded and required the building to be shut down for a period of time. With a rent of one million dollars the trustees determined that the building was not worth the rent. They decided to build a new building to house BETA on the Salt Point Campus and to renovate the CTI building that houses the career and technology programs. Additionally, they will create a conference center. The BETA and CTI building will be connected with a bridge so students can move between the two buildings and get the most educational benefits.

Linda Poleski, the Assistant Superintendent of Business at DC BOCES noted that our first year cost for this project will be $1/200th of a percent. They are taking a twenty year note on the 30 million dollar project and dividing it among the 13 school districts that they serve. All the residents of Dutchess County are eligible to vote on the project because they are going through the dormitory authority. Voting will take place from 6 am – 9 pm at the BOCES BETA site.
Erik Kaeyer of the designing architectural firm, KG&D, reviewed the architectural plans for the new campus. He noted that the new building would be 66,000 square feet and would link to the current building by way of a bridge. He also noted that the building was “green” in many aspects. One such aspect is the use of the light in the classrooms to reduce electricity use.

Dr. Jaeger noted that he has received some correspondence to share. One piece was a letter from Mrs. Hollingsworth regarding the proposed Cheerleading trip from March 26 through March 30, 2009. He noted that the appeal letter requests that the Board give consideration to the trip because they will be absent from school only two days. Included in the packet are the original proposal, the Board Policy on field trips as well as his proposal for guidelines for evaluating, categorizing and approving overnight field trip requests. The Board reviewed and discussed the 2009-10 Annual Meeting and Budget Calendar. It was noted that the public invited to a budget session on February 2, 2009. It was the consensus of the Board to adopt the calendar as amended.

Dr. Jaeger noted that the budget process as begun already. He stated that at this time he and Kurt Robb believe that Millbrook will see a $376,500 reduction in State Aid according to the Executive Budget. In building our budgets we take our current programs and build in a roll over to account for student enrollment and inflation. This year we are working on creating a budget that provides the current programs and spends less due to the impact of less revenue. The options we have are to tighten our belts, to defer multi-year spending that is not a current commitment and possibly put off the EXCEL project. The district could opt not to spend the EXCEL money in this current year and push it out to another school year.

Dr. Jaeger reviewed the Architect Request for Proposal that was prepared in conjunction with our attorneys. In response to a question it was noted that we put monies aside for architectural services. Sending out the RFP does not require us to spend money. It was the consensus of the Board to authorize the Business Administrator to send the RFP out to firms.

Mr. Hurley reminded the Board that the Dutchess County BOCES Board nominations would be addressed at the next Board meeting as the deadline is March 20th.

The Superintendent reported on the following:

- The Governor’s proposed budget plan calls for a 15% shifting of cost for preschool special education from Dutchess County to each respective school district. At this writing I am still seeking specific information about the potential new budget expenditure we may incur if this proposal is adopted as part of a final state budget. For the time being we have inserted $25,000 as a new expense within the evolving 2009-10 MCSD Budget.

- At the Governor’s direction, a commission known as the Ravitch Commission has completed a study of the Metropolitan Transit Authority’s short and long term expenses. This is the organization that governs bridges, tunnels, subways and MetroNorth in the
downstate counties from Dutchess County south and including New York City. The Ravitch Commission proposes that every employer, both public and private, pay a new payroll tax of .0033 on its total payroll to support MTA expenses. If adopted, this would result in a $32,858 expense to our district beginning next year. It would also be the first tax of its kind in New York State through which a government entity is taxing other government entities such as school districts and municipalities.

- Shakespeare in Millbrook – A March 13th evening performance of MacBeth is planned. This has been a wonderful and evolving collaboration among our district, MEF, and the Millbrook Arts Group. Additionally, the Hudson Valley Shakespeare Festival has provided public relations support to this event with contacts to the Poughkeepsie Journal and their regional network of subscribers. I hope you will consider attending. As an additional reminder, with the funds donated by MEF, we will be holding a full school MacBeth assembly with related workshops, for the 11th grade English classes, at Millbrook High School on March 12 and 13.

- Our new High School Principal, Dr. Ackerman, will begin on Monday, March 2nd. She will also be attending our high school play on Sunday afternoon.

- On Friday, February 20th our District hosted a meeting of Mr. Molinaro’s Assembly District Superintendents. This two hour session allowed for updates regarding the State Budget to the extent they were available as well as other local and regional impacts of various federal and state revenue issues

- Additionally, he thanked Michael DeFillipo for his service to us as Interim Principal.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn, seconded by Mr. Ross and carried unanimously to adopt the following resolution:

BE IT RESOLVED that the Millbrook Central Schools District opposes the proposed state budget plan that would transfer 15% of preschool special education cost from Dutchess County to our school district
