c. Budget Transfers 753 and 754 for prior approval

The following items were noted as correspondence:

The following items were noted during public participation and petitions:

The Superintendent’s Report consisted of the following areas:
- The State is reported to have adopted a budget, yet we do not have a
  state aid report indicating what Aid we will receive.
- NY State is scheduled to receive $608 M in funding to restore 8200 jobs;
  to be distributed on a state wide formula (state aid or Title I aid).
- He noted we received a Census commemorate plaque for Census 2010.
- The District news letter was sent out and included the awards for most of
  our students; and stating our appreciation for the community support for
  the scholarship donations.
- Congratulations to Dr. Ackerman in her new appointment.
- Poughkeepsie Journal information regarding ELA and Math 2010 results
  noting that the Governor has “re-normed” the cut-off scores in grades 3 –
  8 in both the ELA and Math scores.
- The District hosted three of our former construction partners for a
  “forensic” dig regarding the failing retaining wall with regard to the new
  high school.

A motion was made by Mr. Ross, seconded by Mr. Wolf, and carried
unanimously to accept the Suspension Report for Elm Drive for June 2010 as
presented.

The Board reviewed the Facilities Report for July 2010 as presented.

Audit Committee – The committee has received estimates on identified areas
and will meet at a later time to choose a category for review in December.

Millbrook Central School District Educational Foundation, Inc Update – MEF has
received positive authorization of extending the 3 – 6 Science 21 program to K –
2, but the check has not been received as of yet.
The Board continued the discussion of the Long Range Facilities Plan. The following items were noted:

- Prior to meeting again with Gene Browning of MOSAIC, it was felt best to have the Board discuss the time line, research needed and how to best open community/board communication regarding a Capital Project.
- Dr. Jaeger noted that the packages that were provided were illustrative and deserving of discussion, but not set in stone. The Board could reconfigure the packages.
- It was noted that the Board has to consider what the community will be willing to support. Additionally, considering that we may have to close a building if the budget fails next year, should the Board be even considering anything more than bare bones necessities. In this economy, people are looking at short term “what can I afford” rather than long term “what is best for the buildings”.
- It was added that we should consider all buildings when we make these decisions, not just ones that we assume would remain open in bad times.
- It was noted that and example project would be the roofs being replaced at Elm and Alden, the Middle school could easily use a new heating system and the High School could be updated by using the donated funds for the athletic and track and field complex. Even this essential list, will have an intolerance level in the community.
- With regard to roofs, it would be nice to have a background of what the district will save by getting new roofs or what we will loose if we don’t. The Board needs to prepare a list of steps that will chip away at the list of “musts” and “should haves” for the facilities, such as if we add $X to our budget for facilities it is a 1% levy and we think the community can accept that amount.
- The idea of meeting on additional days to get public input on the facilities report. This will allow the public to provide input and be a part of the process.
- The Board agrees that something needs to be done in the next four years to use the donated money.
- Mid to late fall, the Board should draw out an initial timeline and plan for a referendum in the Fall of 2011 with public input prior to final packaging.
- Strategies to engage people long-term may be looked into to foster support for our school community.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mr. Ross, seconded by Mr. Wolff and carried unanimously to adopt the following resolution:

BE IT RESOLVED that the Board hereby approves the 2010-2011 Tax Warrant in the amount of $20,284,539.00. A copy of the Tax Warrant is on file with the District Clerk;

BE IT FURTHER RESOLVED that the Tax Collector is hereby directed to notify, by way of legal notice, the taxpayers of the District of the collection, location, dates and times as stated in the Tax Warrant.
Upon the recommendation of the Superintendent of Schools, a motion was made, with gratitude, by Mr. Ross, seconded by Mr. Forte, and carried unanimously to adopt the following resolution:

BE IT RESOLVED that the Board hereby accepts the donation of $40,000 from Millbrook Tribute Garden, Inc., for the purposes of rehabilitating the baseball field.

BE IT RESOLVED that the Board hereby accepts the donation of $1,000 from IBM for an IBM Community Grant as requested by John Dux.

The Board conducted a first reading regarding matters pertaining to policy 7500 (Naming of Facilities).

Proposal for an Athletics Hall of Fame to be recognized at Millbrook High School was discussed by Mr. Devincenzi. He noted that many requests have come across his desk regarding the retiring of jerseys, naming a facility, etc. In order to quell the dilemma’s regarding what criteria should be used, it was noted that a Hall of Fame could address these situations with specific criteria for induction. Pursuant to policy 7500, a motion was made by Mr. Ross, seconded by Mr. Wolff, and carried unanimously to authorize the setting aside of space in the High School for the purpose of an Athletics Hall of Fame to be commenced in the Fall of 2010. In further discussion it was noted that the term outstanding means that they have had such an impact that they raised the bar for those who follow.

Dr. Ackerman discussed the proposal for a Veteran’s Recognition Plaque at the Millbrook High School. The plan is to have the plaque unveiled at the Veteran’s Day celebration; therefore approval is needed prior to September 2010. Pursuant to Policy 7500, a motion was made by Mr. Ross, seconded by Mr. Wolff, and carried unanimously to authorize space at the High School for a Veteran’s Day Plaque to be presented on Veteran’s Day 2010.

Dr. Ackerman proposed and the Board conducted the first reading regarding changes to the co-curricular policy. She noted that the students recommended creating a tier system for consequences for students attending events involving alcohol and drugs even if they were not using alcohol or drugs. In response to questions, it was noted that a committee of 30 people reviewed many policies with regard to co-curricular policies and were very strong about creating a tier system for the penalization of students for attending events that involved drugs and alcohol even if they were not using the illegal substances.
Upon the recommendation of the Superintendent of Schools, a motion was made by Mr. Wolff, seconded by Mr. Rudy, and carried unanimously to adopt the following resolution:

There were no community members in the audience for this Regular Meeting of the Board of Education.

The meeting of the Board of Education was called to order by Thomas Hurley, President in the Alden Place Library at 7:38 p.m. Mr. Hurley led the Pledge of Allegiance.

Correspondence:
• Letter from Peter Groffman and Kay Bishop thanking the District for all that was done to assist his three children as they attended our schools.

• MHSSC Financial Study – It was noted that the study is for comparison purposes for the Board, especially during the Budget process.

Superintendent’s Report:
• Award for Denise Hains on October 14th.
• New Teacher Orientation is August 31st.
• Opening ceremonies are September 7th at 8 am and the Board is welcome to attend.
• The State Aid update was explained in detail.
• The Federal Jobs Bill may afford us the opportunity to restore and/or retain jobs in the next two years.
• The Tax Rate Analysis was discussed in detail. It was noted that according to the data available at this time Clinton, LaGrange, Union Vale and Washington will have a 16.51% increase due to the decrease in our taxable assessment value.

NovaNet Presentation – Dr. Ackerman noted the following points:
• NovaNet is an internet based program designed for credit recovery (providing students with a program to recover credits from failed courses) and credit accrual (to gain credits for courses being taken).
• They have a full year credit program and credit accrual for a number of courses. This includes programs for ESL and special education students.
• This is a Pearson program; therefore it is aligned with the New York State standards.
• The program has pretests that are used to tailor the program for each particular student based on particular weaknesses. Student modules will be presented until the student reaches mastery in each module.
• This program can be used in grades 3 – 12 for assessment purposes.
• For students recovering credits, they would begin the NovaNet program for that course in the following school year in the Learning Center. Once this course is completed the students would then sit for the Regents.
• Content teachers will have a designated allocation of time set aside for this purpose. The “tutors” for after school would be paid at the home tutor rate.
• This year 10 students will take the Health Course through NovaNet without attending the Health class in order to ascertain if the students can manage without intense direct supervision. We will also have 10 students taking courses for credit recovery of courses that they have failed previously.
• NY State is allowing students to do this independently and counts it as seat time. But it does mandate that they sit doing the NovaNet for a minimum number of hours.
• We are subscribing to this through an Ulster BOCES cross contract; therefore it will be eligible for State Aid.

Long Range Facilities Plan was discussed. Dr. Jaeger noted that this would be a standard item for each board meeting. He recommended that the Board allocate 30 – 40 minutes at each meeting for Facilities discussion. After discussion, the following items were noted as in need of further information:
• Pros vs. cons of artificial turf
• Steam to hot water transition...practical aspects
• Predictions of useful life of what we have
• Conditions of what we currently have
• Roofing useful life and cost of maintaining them currently
• Lighting for athletics (community sense of night games)
• How likely will we need such a large athletic facility

Correspondence –
The District Clerk informed the Board that she had received a signed resignation from Tammy Powell-Kopilak from her position as Board Member.

In continuing the facilities discussion, Mosaic Architects were in attendance to report/explain the following:

- Referendum versus Proposition: The costs noted in the report are valid for approximately 3 years. If we were to do a little bit every year it is possible to knock off all of some areas, but there are some items that may need to be addressed by a larger dollar amount referendum at a time other than the annual vote.

- Multiple Phases and Risk Assessments: The Board can take a systems approach or a building approach depending on priorities. Roofing is generally non-controversial item and could get through SED in time for a summer roofing project. Alden Place has gone beyond its useful life and could be a candidate for testing out a new hot water system.
• Usable Life Analysis: The following are the areas and noted useful life as discussed: Alden roof 0 years, Alden Heating System 0, Alden Doors 0 – 5 years, Alden electrical service 0 years, Elm roof 0 years, Heating System 5 – 10 years, Elm Electrical 0 years, MS Electrical 0 years, MS Tile Floors 5 – 10 years, MS Heating System 5 years.

• Review of Heating System Options: Heating costs have increased since we last met, therefore the fuel savings cost will increase as well. The return on the investment is noted. IBS would have to provide useful life on the new systems to determine if the lifespan of a new system would allow for a return on the investment. It was noted that upgrading our current system is the best option with regard to return on investment. Hot water systems would last longer (about ten years longer) then the steam systems. The new HS is a hot water system. Upgrading the steam does not replace the pipes, just select items to make it useful. Converting the system to hot water would be an entire new system and pipes.

• Public approval is required for all projects. There is an “ordinary contingent expense” law, which allows emergencies to be repaired without voter authorization. If the Board wanted to have a repair reserve, we would need voter approval to create the reserve and a public hearing to expend the funds. The repairs allowed by this repair reserve would have to be of the type not to recur annually.

• Site work will trigger State Aid if you spend $10,000 within the building. SED will also check to see that health and safety issues are addressed in balance with the outside work.

Superintendent’s Report -

• Race-to-the-Top Funds have been received by New York State and we are projected to receive $23,000 to be expended over four years of the project.

• The district is of the belief that it may be beneficial to send out another RFP since interest rates have dropped.

• Dr. Ackerman provided the early release day schedule for the Board. It was noted that the District accomplished Curriculum Mapping for each department for the September program.

• The District has re-tooled the communication services through BOCES and we now have a dedicated BOCES person to assist us. We are now working with her to make our website a much more useful and current site for our public. The post cards will be mailed to the voters to encourage them to visit our website.

Audit Committee Report –

The Audit Committee met with Victor Churchill regarding the draft audit report. The Committee recommends that the audit be filed and provided to the Board. They added that it was a clean audit.

Mr. Hurley took a moment to acknowledge that Mr. Fried was appointed as the incoming Business Administrator for Millbrook CSD. His previous support to the District was noted and appreciated. Additionally, Mr. Hurley noted that Mr. Rothman did a great job for us as an Interim and we thank him for his time and support. Lastly, he introduced the new Middle School Principal, Dr. Amori.

A motion was made by Mrs. Blackburn, seconded by Mr. Wolff and carried unanimously to accept the Enrollment Report for September 2010 as presented with a total enrollment of 1181.

The Board reviewed the Facilities Report for September 2010 as presented.

The Board reviewed the Superintendent’s Mileage Report for September/October 2010.

NYSSBA/Legislative Liaison: John noted that the legislature passed a mandate that school districts get Master Plumbers and Electricians for work, but the Governor vetoed the mandate.

PTO Liaison Dawn Blackburn noted that a general meeting is being held November 3rd at 7:30 at Alden Place. On the agenda is the review and adoption of a new set of by-laws. Additionally, Dr. Jaeger and Dr. Ackerman will be attending the meeting to reach out to parents regarding curriculum.

Millbrook Central School District Educational Foundation, Inc has a meeting this Thursday.

Gene Browning, Nick Weir, Scott Swenson, and a Civil and Landscape Engineer were present to further the discussion of the long-term facilities plan. As a follow-up to the last meeting the following was noted:

• A new steam system price is not available because schools have not used new steam systems in over 20 years. If we were to want those numbers they would really be similar in cost to the hot water system.
• If we leave the steam system with the upgrades, replacements will be needed in the upcoming years. Only failed systems or ones without a usable life are being replaced in the upgrade of the steam system option.
• Mosaic was asked to provide references from districts that have both upgraded steam systems and retrofitted to hot water systems.
The focus of this presentation is the Athletic Fields and Facilities and the following items were discussed:

- The track and field is not of regulation size and it is in poor condition. Additionally, the baseball field is positioned so that the sun is in the batters eyes, drainage is poor. Also the soccer and softball fields overlap and have poor drainage. Our fields are currently not ADA accessible. Dugouts and bleachers are in poor condition.

- Scheme 1 – regulation track with 6 lanes and turf infield.

- Artificial vs. natural turf: safety, playability, performance, maintenance, irrigation, longevity and environmental concerns were discussed.

- It was noted that the fabric is supposed to be replaced in 10 -12 years and is an expense of $100,000 and not aidable until the 15th year. We could of course, wait the additional 3 years until we could get the aid while playing on “worn” turf.

- Irrigation is included in the natural turf pricing, as is sod.

- It was noted that in this climate there are generally no days that the artificial turf is too warm to be played on although it is warmer than natural turf.

- It was noted that bacteria is not a problem because the UV light kills bacteria. To manage injuries that involve blood, we will just need to use bleach and water as we would if it were wrestling mat.

- Infrastructure for drainage for both artificial and natural turf have been included in the various schemes.

- The impact resistance on the artificial turf is much higher than natural turf.

- The Board requested a list of schools that have done natural vs. artificial turf.

- As designed the soccer field would take up the entire infield.

- The placement of the baseball/softball fields should allow for both fields to be used simultaneously without balls from the baseball field interfering with the softball field.

- A Bleacher/Press box unit with wheelchair cutouts, 6 lighting areas, four dugouts as well a concession building (for the future).

- It was noted that four lights may be sufficient.

- Tennis courts are included in the athletic field rebuild.

- Storm water infrastructure is included in the scheme.

Public Comments:
Mr. Rollins noted that a broken back track should be considered because the large donor was sold on the idea that all sports would get equal play. Additionally, an 8 lane straightaway should be considered so we could sponsor larger meets. The disposal of the old turf when replacing has been an issue for others. In response, it was noted that “Fieldturf” brand is recyclable.

Tom Lemkuhl noted that all sports can not be sustained on a natural field, but the costs associated with it should be discussed with the public, as should the heat issue.

Mr. Rothman noted that it may be beneficial to pursue a repair reserve fund to allow some money to be used in the future to offset the maintenance costs.
Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn, seconded by Mr. Forte and carried unanimously to adopt the following resolution:
BE IT RESOLVED that the Board approves the Committee on Special Education (CSE) and Committee on Pre-School Special Education (CPSE) recommendations for the meetings of October 8, 12, 13 and 14, 2010 as presented and
BE IT FURTHER RESOLVED that the Board authorizes the funds to implement the special education programs and services consistent with said recommendations.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mr. Wolff, seconded by Mrs. Blackburn and carried unanimously to adopt the following resolution:
WHEREAS, the Board of Education previously approved an energy performance contract with Johnson Controls, Inc. for the design, acquisition and installation of certain energy performance improvement measures in the District’s buildings and now wishes to provide for the financing of the energy performance contract; and

WHEREAS, the Board hereby finds and determines that the execution of one or more lease-purchase agreements for the purpose of acquiring property needed for the energy performance contract as well as to pay for certain capital expenditures in connection with the property is appropriate and necessary to the functions and operations of the District;

THEREFORE, BE IT RESOLVED, that the Board of Education of the Millbrook Central School District hereby authorizes the Superintendent of Schools to finalize the financing of their Johnson Controls Energy Project with Municipal Leasing Consultants of Grand Isle, VT, its agents or assignee, at the fixed rate of 3.88% until November 1, 2010 after which time the rate floats until funding; and

BE IT FURTHER RESOLVED, that the Superintendent of Schools is hereby authorized to execute the Master Lease-Purchase Agreement, Addenda any and all legal documents necessary to conclude the financing of the lease purchase agreement, upon approval of such documents by the School Attorney, and subject to the approving opinion by the School Attorney and the approval of the New York State Education Department of the Energy Performance Project. A copy of said Master Lease-Purchase Agreement shall be incorporated by reference within the minutes of this meeting.

WHEREAS, certain modifications have been proposed to the Energy Performance Contract between the District and Johnson Controls, Inc.;

THEREFORE, BE IT RESOLVED, that the Board of Education hereby approves the Contract Amendment dated October 11, 2010, to the Performance Contract dated July 25, 2008 with Johnson Controls, Inc. and authorizes the Board President to execute such Contract Amendment. A copy of said Contract Amendment is incorporated by reference within the minutes of this meeting.
Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn, seconded by Mr. Forte and carried unanimously to adopt the following resolution:

In response to a question from the audience it was noted that mentors are posted positions and anyone is able to apply. We can not always appoint a one to one match; it is the best match that we can ascertain. In several cases we may have person who is multiply certified and can mentor a subject other than what they are teaching currently.

A parent asked what the procedure is normally when administrative changes are in order. Dr. Jaeger noted that in August the Business Administrator resigned and the position was posted. It became his recommendation to recommend Mr. Fried based on his abilities. Once Mr. Fried’s promotion was discussed internally, it became apparent that a distinctly qualified person was available through the high school search process.

Continuation Discussion – Long Range Facilities Plan with Mosaic Architects

• Continued review of Athletic Fields
  ▪ The well on the field has been located but there are still questions that need to be answered. They believe that the well is continually overflowing the well pit. In order to determine the yield capacity they would need to conduct further testing.
  ▪ The natural turf would likely be in need of replacement at 15 years. This would likely cost $450K and includes re-stripping the top soil, and replacement of the sod. With sod you are on the field in 6 weeks.
• Additional Information: Repurposing of EXCEL Aid
  ▪ Could be redirected to the larger project
• Additional Information: Roofing Update
• EDBM and Foam Roofing has been reviewed and can be considered for our project.
• Project Size to be determined by the Board in consideration of the budget impact, levy impact, and donations. Three project sizes have been presented.

The meeting of the Board of Education was called to order by Thomas Hurley, President in High School Cafeteria at 7:34 p.m. Mr. Hurley led the Pledge of Allegiance.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn seconded by Mr. Lehmkuhl and carried unanimously to accept the minutes of January 18, 2011 as presented.

Superintendent’s Report –
- For Consideration – Recognition of School Counseling Week: Dr. Jaeger noted that the week of February 7 – 11, 2011 is National School Counseling Week and the board could act to adopt the resolution as presented later in the agenda.
- School Calendar noting we have exhausted our planned snow days. Dr. Jaeger suggested making February 18th a student attendance day, June 24th as a Superintendent’s Conference Day and if we have another snow day we will require students and staff to be in attendance on April 18th and 19th.

A motion was made by Mrs. Blackburn, seconded by Mr. Wolff to accept the Superintendent’s recommendation to restore a student attendance day to February 18, 2011 (previously a Superintendent’s Conference Day), to schedule a Superintendent’s Conference Day for June 24, 2010 and to amend the district calendar to reflect the same.
Dr. Ackerman’s Report – Mid year Update

- Making changes/examining the educational programs in the district – Instructional community online for parents and staff.
- Curriculum Mapping – articulating curriculums
- Readers Workshop Model
- Dual Platform Implementation – replicating the dual platform implementation across the district with the goal of having all students having access to an apple lab
- NovaNet – Up and running in the high school for credit recovery and accrual. An after school program is being offered to all students to allow them to prep for tests.
- Accelerated Science – An accelerated 8th grade honors course for all students. Dr. Ackerman noted that she would expect 20 – 25 students taking advantage of the program and continuing through to the AP Physics class.
- Professional Development Program – Teachers are presenting to their colleagues for professional development. Summer Professional Development will include training on RTI, Writers Workshop, Accelerated Science and the Dual Platform.
- Family University centering on how kids treat each other, specifically bullying. Mark Brown will be the keynote speaker for both parents and secondary students.

Mr. Fried – Mid year Update

- The Fiduciary Roles of the Millbrook Business Administration
  - Fiscal Responsibility
  - Increasing Efficiency
  - Distinguished Service
- Transportation – face time with bus drivers, conversations with First Student and new/updated transportation contracts.
- Facilities – met with all staff, models for communication (start-up lists, able to find people at all times), exterior lighting, uniforms (looking to purchase uniforms outright and have employees launder them themselves), leadership development (personal training of Mr. deMartine and Mr. Ragusa) and long and short term facility plans.
- Food Service – new Food Manager, café worker reorganization, enhanced home communications, loss analysis and increased nutrition (fresh vegetables daily, less refined projects (brown rice, whole grain pasta, 40% whole wheat pizza). Another area that they are looking into is an online payment processing system.
- Business Office Function – training and software maximization (finance manager/AESOP integration, Human resources, GASB 45 and Accounts Receivable).
- Distinguished Service – 21/26 change default to previous election, regents boxes returned through USPS, deposit hours have increased, increased support to principals and program leaders, document scanning on district copies, changes to tax collection letter and increased tax sheltered annuity information.
Due Diligence – Refinancing opportunities, STAC review and training, enhanced communication with insurance.

On the horizon he will be looking at the District Safety Plan and enhanced Business Office website.

Superintendent’s Report (continued)—

Review of Governor’s Executive Budget- Dr. Jaeger noted that next year, in general, we will lose of approximately $200,000 in revenue, which is about 1% of a tax levy increase. Further losses in revenue are expected in 2012-13 with a possible tax levy cap in conjunction with some mandate relief. In order to begin budget planning he suggested keeping in line with a 3% growth in budget (a roll-over [current programs, mandated compliance, and program shifts] replicated with a three percent growth model).

Continuation Discussion – Long Range Facilities Plan

Dr. Jaeger noted that in two years, the Governor’s plan will be reducing state building aid to the foundation aid formula. He further noted that at the very least we should approach the public with using the revenue we have (capital improvement fund and donations) to improve our facilities/athletic fields.

Mr. Hurley noted that we may need a more significant first project using all the revenue sources that we have and an additional 1.5%.

Mr. Wolff inquired as to the ability to put the fiscal neutral project up with the additional 1.5% as a referendum at the same vote.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn seconded by Mr. Lehmkuhl and carried unanimously to adopt the following resolution:

WHEREAS, school counselors are employed in public and private schools to help students reach their full potential; and

WHEREAS, school counselors are actively committed to helping students explore their abilities, strengths, interests, and talents as these traits relate to career awareness and development; and

WHEREAS, school counselors help parents focus on ways to further the educational, personal and social growth of their children; and

WHEREAS, school counselors work with teachers and other educators to help students explore their potential and set realistic goals for themselves; and

WHEREAS, school counselors seek to identify and utilize community resources that can enhance and complement comprehensive school counseling programs and help students become productive members of society; and

WHEREAS, comprehensive developmental school counseling programs are considered an integral part of the educational process that enables all students to achieve success in school;

- Continued access to all instructional programs and student services.
- Continued student access to athletics and clubs.
- Retention and/or adjustments to the staff necessary for instruction programs and services.
- Continued professional development training.
- Continued K – 12 curriculum development
• Commencing building level “Data Inquiry Teams” to focus on improving student results.
Facilities’ planning is continuing in 2011-12 with a possible vote on facility refurbishment as early as Fall 2011 by using the million dollars in the Capital Reserve Fund and the million dollars donated toward a track and field complex. This will be a multi-phase approach.

The assumptions we are making in this draft budget are:
• Millbrook will get a reduction in state aid of approximately $254K.
• ARRA Federal funding expired 2010-11.
• Reduced Special Education Aid, BOCES Aid and Building Aid.

Staffing changes would include:
• Summer Data Support +.05 FTE
• Public Information -.1 FTE
• Instructional +2.2 FTE (Special Education Teacher and 6th assignments) and -2.2 FTE
• Math Department Chair stipend
• Part-time nurses restored +.7 FTE

The meeting of the Board of Education was called to order by Thomas Hurley, President in High School Cafeteria at 7:39 p.m. Mr. Hurley led the Pledge of Allegiance.

The Board reviewed the Budget calendar as prepared and it was noted that we are adopting our budget earlier than most school districts in the County. The Board noted that we should review the budget and come back to the budget adoption issue.

Prior to reviewing the budget line-by-line, reductions to the district health insurance premiums were noted. The district health insurance premiums through DEHIC were reduced from 8% to 3% for the 2011-12 school year with a potential for a “premium holiday” in the amount of $180,000 to be determined in June 2011.
Items in the budget that were discussed included:

- The purchase of the van is to replace the van we currently have that is in a state of disrepair.
- The fence at Alden Place is a recommendation of the Alden Safety Committee. They had concerns regarding students’ safety when at recess and/or physical education.
- Textbook codes have been collapsed into one code from building rather than in departmental codes as years prior.
- The Driver Education Code is noted as a budgeted item, but it is reimbursed by the students and shows up as revenue later.
- The reduction in building security reflects the fact that we did not install the strobe light and have not budgeted for it in 11-12.
- Athletics will change in that MHAL has agreed to reduce the number of contests per season.
- We still have to fund the school lunch program. We are actively changing the menu, looking into an online paying option as well as more active encouragement of students to participate.
- Naviance will continue at the high school level and be added to the middle school.

The Board agreed to accept the recommendation to use the newly “found” $154K as presented noting $54K would go toward reducing fund balance.

The Board agreed to adopt the proposed budget at the March 28, 2011 meeting as scheduled.

A motion was made by Mrs. Blackburn, seconded by Mr. Wolff and carried unanimously to convene in executive session to discuss negotiations under the Taylor Law, potential litigation and the employment of a particular person at 10:56 p.m.

Administrator Reports – How are we reviewing student achievement and using it to improve instruction?

Elm Drive:

- Guided Reading Data is used to inform parents and teachers where students are in relation to their peers.
• Kindergarten and First Grade Skills Progress Monitoring Report used by AIS Teacher
• Phonogram Assessment for First Grade
• Kindergarten Literacy Profile with ten week letter sound recognition results
• First Grade Profile with ten week testing results
• Kindergarten Skills Assessment with letter sounds, sight word recognition, naming letters
• Accelerated Reader, which is required in Elm Drive, is monitored quarterly.
• In November teachers begin to identify struggling students and brought to the AIS and/or RTI committee for review.

Alden Place:
• 5 year district comparison to the region – Alden continuously outscores the surrounding area.
• Increase in students attaining a four as they progress through Alden.
• Student placement is based on both academics and behavior. Co-taught classroom has all high academic achievers and no behavior problems.
• ESL is placed between two classrooms, but not the co-taught class, resource room students are also not placed in the co-taught classrooms. Behavior concerns are placed in the other three classrooms. Parent input is also considered when placing students. Students are moved about yearly because behavior and academics change over time.
• Testing factors for the current year are the new math series, curriculum mapping, use of BARS and Data Mentor for teacher and administrative usage, prior tests being available on NYSED website, differentiation and principal reviews.
• BARS Program – Learning Standards Achieved to determine where teachers may need to focus some attention. Specific Student Skills Enhancement Report to determine what areas a particular student needs assistance with. The Trend Analysis Reports showing that we are having less deficits in our assessments which may be due to Thinking Maps.
• Dr. Ackerman noted that the District RTi Committee has reviewed Aimsweb, which is a benchmarking and progress monitoring system that will be used K – 8. It will be comprehension and computer based.

Middle School:
• Data Informed Decision Making using the new software programs that are now available and being rolled out to the faculty. The goal next year is that all teachers use data to inform instruction.
• Report Card from SED is used.
• Curriculum Mapping
• Naviance software to guide instruction
• Test data from Annual Reviews is considered.
• School Tools to monitor attendance and our student management.
• Entry Plan Interviews, honor roll counts, home base good student profiles to determine the level of vigor and the degree of enrichment in the current program.
• Library usage and circulation data to guide future library purchases.

High School:
• Examination of the middle school/high school transition
• Naviance to review college trends and career interests.
• Curriculum Mapping to ease changes in teaching strategies.
• Child Study Team meetings revolving around progress reports to determine student needs.

Student Representative Reports:
• Volley 4 Ian Benefit
• Principals Lunch
• Valedictorian and Salutatorian

A member of the audience asked regarding staff and/or administration changes for next year and it was noted that the changes have not been made. Dr. Jaeger noted that staff changes would not be discussed and/or confirmed prior to the end of May. Administrative changes may be available prior to the Budget vote.
Tina Viakus addressed the Board regarding administrative changes that she has heard about in the community. She noted that there is a very negative current going around the district regarding the possible administrative change. She urged transparency in staffing/administration and the reasons behind possible changes. In response it was noted that 7 parent members will be on the High School Search Committee. It was also noted that the Board seeks to be transparent about any possible changes, but the issues require study and consideration and they are not ready to make a decision at this time. Dr. Jaeger noted that the administration is looking at a way to strengthen the K-5 program and use the current Principals to the best of their abilities. In further discussion, she requested that a parent be a part of the determination on where which principal should be assigned. In response it was noted that the placement of the administration is a personnel item and can not be discussed with a member of the public.

A motion was made by Mrs. Blackburn seconded by Mr. Ross and carried unanimously to convene in executive session to discuss negotiations under the Taylor Law, potential litigation, matters pertaining to particular persons and the employment of a particular person at 10:45 p.m.

The District Clerk was excused.

Tonya M. Pulver
District Clerk

Mr. Wolff excused himself at 10:46.

A motion was made by Mr. Lehmkuhl, seconded by Mrs. Blackburn, and carried unanimously to return to regular session at 12:12 a.m.

A motion was made by Mr. Forte, seconded by Mrs. Blackburn, and carried unanimously to adjourn the regular meeting at 12:13 p.m.

Dr. R. Lloyd Jaeger
District Clerk Pro Tem
The meeting of the Board of Education was called to order by Thomas Hurley, President in High School Cafeteria at 7:39 p.m. Mr. Hurley led the Pledge of Allegiance.

A motion was made by Mrs. Blackburn, seconded by Mr. Ross and carried unanimously to accept the minutes of April 26, 2011 as presented.

The Board opened the Public Hearing on the proposed 2011-12 Budget. The Superintendent presented the budget to the public.

Lisa Wilson asked how we compare to other districts. Dr. Jaeger noted that he has some knowledge and budget to budget increases range from 3.99 to .22 and we are at 2.96. Staffing losses range from 66 people to 2 retirees not being replaced.

Mrs. Nohia asked about the potential November vote. In response Dr. Jaeger noted that it was not yet determined at this time, but it would be voted on publicly as a proposition.

Stephen Kaye asked if mandates were being eliminated, if so what were they? Dr. Jaeger noted that the Commission on Mandate Relief is working and has not made a determination.
In response to a question from Carrie Minnerly, it was noted that no cuts are included in the proposed budget. If we were to go to contingent budget we would lose some programs. Mr. Hurley further clarified that the state makes the requirements for the contingent budget and the Board has to make the reductions and quite often those monies are found in program (reducing teachers, larger class sizes, reducing programs). It was noted that the Board has the option to put up another budget or go to contingency if this one fails.

Mrs. Nohai asked for clarification on if retirees were being replaced. Dr. Jaeger noted that we are not replacing one Elementary Teacher, but we are adding a Special Education Teacher to improve our program.

Paul Tobin spoke to applaud and thank the Board and what they have done in developing this district.

The Public Hearing was closed at 8:30 p.m..

Superintendent’s Report:
- District file servers are in need of replacement to secure and maintain our data. When this change is made, we could opt to add voice over IP at little additional cost.
- Paving is also in need to maintain safe driveways and parking areas.
- Middle School Auditorium is in need of remediation for water damage.

Mr. Fried and Mrs. Morey presented the plan for the new file server and voice over IP (VoIP). The move would mean that the District would be on one phone system rather than multiples. VoIP is less expensive to maintain and there are no long distance charges. It was proposed that the total cost for this year would be $113,462 with savings in years one and six and beyond. In response to a question it was noted that the life expectancy of the phone is not known, but we would have access to maintenance contracts as well as software updates. It was the consensus of the Board to authorize the Superintendent and Business Administrator to move forward with the 5 year lease agreement between the District and DC BOCES for a new file server system and Voice over IP capabilities as presented at a cost not to exceed $113,462.

The paving for District comes at a cost of approximately $120,000. There are three potential projects: the Alden Place, Elm Drive and Middle School projects. It was the consensus of the Board to authorize placing these projects out to bid.

Mitigation and remediation of the Middle School Auditorium is needed to attend to water damage. In order to remediate the problem we need to get quotes to fix the tunnel area and address the water flow under the building.

Upon the recommendation of the Superintendent, a motion was made by Mrs. Blackburn, seconded by Mr. Lehmkuhl and carried unanimously to adopt the following resolution:
BE IT RESOLVED that the Board approves the Colonial Day overnight trip to the Washington Recreation Park on June 1 – 2, 2011. It was noted that the overnight may take place at Alden if needed.

Upon the recommendation of the Superintendent, a motion was made by Mrs. Blackburn, seconded by Mr. Ross and carried unanimously to adopt the following resolution:

BE IT RESOLVED that the Board approves the Committee on Special Education (CSE) and Committee on Pre-School Special Education (CPSE) recommendations for the meetings of April 8, 12 and 15, 2010 as presented and

BE IT FURTHER RESOLVED that the Board authorizes the funds to implement the special education programs and services consistent with said recommendations.

Upon the recommendation of the Superintendent, a motion was made by Mrs. Blackburn, seconded by Mr. Ross and carried unanimously to adopt the following resolution:

BE IT RESOLVED that the Board hereby accepts, with gratitude, the donation from Carl Zeiss MicroImaging, LLC, of a DV4 Microscope, valued at $1,300 for use in the District classrooms.

Upon the recommendation of the Superintendent, a motion was made by Mrs. Blackburn, seconded by Mr. Ross and carried unanimously to adopt the following resolution:

BE IT RESOLVED that the Board amends the April 26, 2011 appointment of Christopher Feola as a leave replacement Maintenance Helper to read effective April 6, 2011 through June 30, 2011 at $27,583.40 pro-rated.

In response to a question from Mrs. Nohai it was noted that the monies being discussed as proposed projects would come from our current year fund balance. The money is available due to savings from expected budget expenditures over the current year.

Mrs. Minnerly asked about the viability of VoIP in the future. Mr. Fried responded that we are using the best cable to set up the system, we will have software updates and maintenance contracts so we are setting ourselves up in the best possible way.

Mrs. Viatkus asked if it was public knowledge who the parents were on the High School Principal Search. Dr. Jaeger noted he would inform her if she called his office.

Mrs. Viatkus asked if the Alert Now System could be used to invite parents to board meetings. Dr. Jaeger noted that he would be cautious about over using the system and becoming the dreaded telemarketer and pest to the public.

A motion was made by Mrs. Blackburn, seconded by Mr. Wolff and carried unanimously to convene in executive session to discuss negotiations under the Taylor Law, bargaining and the employment of a particular person at 10:15 p.m.
The District Clerk was excused.

The meeting of the Board of Education was called to order by Thomas Hurley, President in High School Cafeteria at 7:39 p.m. Mr. Hurley led the Pledge of Allegiance.

Dr. Jaeger introduced Dr. Ackerman to create the backdrop for the Apple Presentation. She noted that the Apple Lab was set-up and piloted in the high school and the students and staff are pleased with its use.

Jody Wechsler of Apple began her presentation with the vision of Apple and our District to enhance meaningful learning in the school. Some areas highlighted were:

- Challenge Based Learning – project based education where students are not tested after each segment, instead they do a presentation to prove that they have the knowledge.
- Creation of PDF’s from websites
- Safari Reader function to eliminate visually distracting material.
- “Alex” can be used to send the material as a spoken text to itunes
- Life expectancy of machine is 4 – 5 years. They do have a buy-back lease program, which is a level payment year after year with new equipment being supplied after x amount of years.
- The future of technology is in the ipad one to one.
• Many schools chose a hybrid environment in labs, but are using apple student tablets and ipads.
• Generally school districts have implemented the one to one use in a tiered fashion by implementing it by grade level over multiple years.
• Why are we changing, how can we change and what does the change look like?

A motion was made by Mr. Lehmkuhl seconded by Mr. Forte and carried unanimously to convene in executive session to discuss negotiations under the Taylor Law at 9:35 p.m.

Correspondence

- Mr. Yager Excellence in Teacher Award
- Request for Student Enrollment

Public Participation-

Carrie Mitterly asked about the changes in positions that were made regarding staffing. Dr. Jaeger noted that the changes were made because New York State is in a transformational state of change, RTI will be a requirement next year and to continue some pilot programs that we have started this and last year. The changes will allow continuation of programs.

Dawn Neman asked what the rationale was for bouncing staff back and forth between grades 5, 3, and kindergarten. Dr. Jaeger noted that people have not been placed in levels that they are not legally capable of teaching. Additionally, the teachers will have resources to assist them with the new curriculum (aides, ais teachers, professional development).

Hilda Heinlein questioned the Board regarding when and how the staff would have time to work on the move and the curriculum planning.

Janelle Stiles asked why all these changes (17 staff changes) were taking place all at once and who the “we” that made these decisions were. In response, Dr. Jaeger noted that the State is about to launch a one to five year change launch. We are responding to them not after them. The new RTI implementation was just announced this year. The new certification areas are mainly in response to preschool educators wanting to be Birth – 3 grade.

Dawn Neman asked about teacher training and evidence based training. In response Dr. Ackerman noted that all AIS and special education personnel were trained in RTI by Jim Wright. The RTI committee then decided to use AIMSweb to
benchmark and progress report the students. In addition we are using the Readers Writers Workshop. 18 staff members will be going to Columbia to become turn-key trainers. Additionally, we use DRA’s and Guided Reading. The specific evidence based interventions are being developed at this time and will be complete for the 11/12 school year.

Rich Kozera asked where the major moves were being made. Dr. Jaeger noted that the moves were made in each of the buildings with the majority in K – 8. Mr. Kozera noted that he moved to Millbrook because of the small family environment, moving 17 teachers is a big move and the community is not happy.

Diane Schnoor addressed the Board noting that she was told about the change by her sixth grade student and she does not feel that that is the venue for her to get her information.

Meredith Nohai addressed the Board asking for a listing of who the changes were going to be for the next year. Dr. Jaeger noted that the assignments were tentative at the time that they were put out the faculty. Master schedules are still being built and therefore, the master list is not available. As soon as it available the Administration will post the class assignments.

Karen Burns noted that last week she was brought up here for Orientation and now the teachers have been changed. Next week the students are supposed to be coming to meet the teachers…who are they going to meet the old or new teachers. She noted that it is not fair for the students to meet the current teacher if that teacher will change.

Lisa Wilson noted that she was pleased to see so many people present at the meeting and urged them to attend and participate more often. She also noted that if the teachers were told after school on Friday, how did the students here about the changes immediately?

Mrs. Baez noted she is a substitute teacher and knows many of the teachers and she is upset that the teachers are being moved so drastically and so late in the year. She also asked what role the Board played in all of the changes. Mr. Hurley noted that the Boards are the governing body of the school and they generally act on the recommendations of the Superintendent of Schools. Each member runs for a three year term. Dr. Jaeger noted that for the past five years the staffing changes have been made on or around the Memorial Day weekend. Additionally, staffing is always done after the Budget Vote.

Alec Pandaleon asked if the Board would give the Business Administrator support in getting the State accreditation.

Joanne Reagan asked if the eliminated positions are retirees or active employees. It was noted that they are both.
Alex Fendies asked about grade groupings for certification. Dr. Jaeger it was K – 6 or 7 – 12.

Tina Hogan asked if 17 or 35 people were being moved. It was noted that it is within the teens but not 35.

Dawn Neman asked what support the teachers will receive. Dr. Jaeger noted that the staff was offered faculty teamwork over the summer, training academies, Literacy Institute Training, classroom visitations with new grade levels, and movement support.

Susan asked at one point will the plan be formally communicated. Dr. Jaeger indicated that for all time teachers have had two months to prepare for the upcoming year. The District is doing what they can to support them. It was noted that 15 teachers have not been changed since the opening of the high school.

Mr. Barger asked what Friday the email was sent to staff.

Mrs. Nohai noted that the community supports the district but would like communication.

Mrs. Baez asked for further clarification on the changes that the State was going to be implementing. Dr. Jaeger responded that each discipline will be having new core standards, exams will change 3 – 8 and there will be evolutions of Regents changes, RTI changes will also occur.

Max Wilson presented the Board with a petition from students regarding the termination of Mrs. Sweeny.

Mrs. Stiles noted that the recent vote is a testament to how well the public thinks the Board and administration are doing well. Her concern is too many moves at once with the lack of support.

Alec Pandeleon noted that the public was close to losing civility and that is not acceptable. He added that the administration looks at the needs of the students, special education and general education. With regard to the termination it was noted that the tenure law provides a certificated employees a period of time to earn tenure in relation to the evaluation system in place. The tenure process is one of evaluation over a period of time.

Diane Schnoor asked if these changes would be leading toward an enrichment program for our students. Dr. Jaeger and Dr. Ackerman noted that there is a movement toward an enrichment base in the Middle School. It is the desire that each student will be able to take an enriching course. One of the changes in the 8/9 level was to position us to have an AP Physics class which we have never had previously.

Lisa Lacey addressed the Board. She read a statement regarding the tentative changes and the effect of those changes on students.
Anna Meyer, a student, addressed the Board regarding the changes. She noted that the change should produce consistency. She made a statement in favor of “change now for less change in the future” is what we really need.

Denise asked regarding the departmentalization of fifth grade. Dr. Ackerman noted that the District is leveraging the schedule so that the students have 90 minutes blocks of ELA/Social Studies and Math/Science.

Laurie Duncan asked if we would be monitoring the teachers next year. Aimsweb monitoring will be taking place all year long. Also if a teacher is struggling, they have the administration to support them and transition into new positions. Dr. Jaeger also noted that each elementary Principal will be working in particular disciplines in both buildings. An important feature of this is that staff members that were moved from Alden to Elm and vise versa will have a familiar administrator to relate to.

Mr. Barger read a letter from a local paper regarding leadership training for administrators.

Lynn Granger asked about the changes in the High School Science classes. Biology is being moved to grade nine because it will allow students to advance to AP Physics. Also, for students to receive a Regents diploma they have to pass a Science that has a lab component and having the Biology in grade 9 they have less Regents to study for in grade 10.

District Technology Program – Dr. Ackerman, Mrs. Quint and Ms. Morey
The presentation rolled out how the district could approach a one-to-one rollout over time in our various schools. The documents handed out illustrated what could be done with the addition of Apple Computers. The timeframe would be over a three to four year implementation cycle for 100% use by students. Dr. Jaeger noted that one way or another we have to replace equipment; the decision is what is to be purchased.

The Board would like more data on the cost effectiveness of the roll-out, including, the initial and long term budget implications as well as what is the down side if we start the plan and don’t finish the plan. It was noted that there is one person at each grade level that is competent with Mac’s and will be able to integrate it into the classrooms so there is no down side to finishing the first three years and not going full fledge with the one-to-one pilot.

The Board would like to know how success of the pilot program was measured. Dr. Ackerman noted that success was measured by student interest in the Mac courses. Dr. Jaeger noted that the quality of the challenge projects presented to the students makes them more competitive in the college and job market.

Audit Committee Report noted that they would like the Board to consider their recommendation for Sickler, Torchia, Allen and Churchill as the External Auditor. The Risk Assessment Update was received and they would recommend that we
audit extra class funds. The Audit of our cafeteria program was conducted and should be accepted by the Board.

Superintendent’s Report:
- Young Playwrights Festival
- MH Athletic League Scholar Athletes
- State Tax Cap Legislation
- Donations on behalf of our Academic Awards at the High School
- State Standards Boards were privy to a Commissioner’s Meeting noting new Regents Regulations
- MEF Grant for the Mac Laptop Computer and video software.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn seconded by Mr. Lehmkuhl and carried unanimously to adopt the following resolution:
BE IT RESOLVED that the Board hereby accepted the Risk Assessment Report of May 16, 2011 with the recommendation to engage the Internal Auditors in an audit of the extra class funds.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mr. Ross seconded by Mr. Lehmkuhl and carried unanimously to adopt the following resolution:
BE IT RESOLVED that the Board hereby accepted the Cafeteria Audit of March 2011.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn seconded by Mr. Wolff and carried unanimously to adopt the following resolution:
BE IT RESOLVED that the Board hereby appointed Sickler, Torchia, Allen and Churchill, PC as the District’s External Auditor pursuant to the 5 year proposal, to be reviewed annually by the Audit Committee, and commencing with the preparation of the 2010-11 annual financial statements;
BE IT FURTHER RESOLVED, that the board authorizes the Board President to sign the engagement letter with Sickler, Torchia, Allen and Churchill, PC. Dated June 2, 2011.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mr. Ross seconded by Mr. Lehmkuhl and carried unanimously to adopt the following resolution:
WHEREAS, the School District has received a proposal from Central Hudson Gas & Electric (“CHGE”) Corporation for participation the CHGE Commercial Energy Efficiency Program, using electrical contractor Alliance Energy Solutions, a sole source provider, to retrofit the District’s lighting fixtures at the several buildings in the School District (the “Schools”); and
WHEREAS, the Board of Education wishes to accept this proposal and avail itself of the potential cost savings as a result of the retrofitting of the lighting fixtures at the Schools;
THEREFORE, BE IT RESOLVED, that the Board of Education hereby accepts such proposal for the retrofitting of the lighting fixtures at District’s Schools, authorizes the Board President to execute the documents in connection with this program and directs the Purchasing Agent to order the necessary materials and equipment in order to enable the School District to install such materials and equipment to complete the retrofitting by December 31, 2011.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn seconded by Mr. Lehmkuhl and carried unanimously to adopt the following resolution:
BE IT RESOLVED that the Board hereby approved the Committee on Special Education (CSE) and Committee on Pre-School Special Education (CPSE) recommendations for the meetings of March 17, 22, 24, 29, 31, April 6, May 3, 16, 17, 18, 25 and 26, 2011 as presented and
BE IT FURTHER RESOLVED that the Board authorizes the funds to implement the special education programs and services consistent with said recommendations.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn seconded by Mr. Ross and carried unanimously to adopt the following resolution:
BE IT RESOLVED that the Board hereby amended the 12-20-10 appointment of Gian Starr to indicate he is at a salary of MA Step 1 rather than BA Step 1 retroactive to the beginning of his service, which was approximately January 4, 2011.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn seconded by Mr. Lehmkuhl and carried unanimously to adopt the following resolution:
WHEREAS, the Board for reasons of economy and efficiency, has determined that it is appropriate to abolish certain pedagogical positions in the District;
THEREFORE, BE IT RESOLVED that the Board hereby abolishes the following positions, effective close of business on June 30, 2011:
1.0 FTE Mathematics Teacher position
1.0 FTE Elementary Education Teacher position
.17 Physical Education Teacher position
.10 FTE Health Education Teacher position
1.0 FTE Remedial Reading and Math Teacher position

Upon the recommendation of the Superintendent of Schools, a motion was made by Mr. Ross seconded by Mrs. Blackburn and carried unanimously to adopt the following resolution:
WHEREAS, the Board for reasons of economy and efficiency, has determined that it is appropriate to abolish a certain non-pedagogical position in the District;
THEREFORE, BE IT RESOLVED that the Board hereby abolishes the following position, effective close of business on June 30, 2011:
.33 FTE Cook
Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn seconded by Mr. Wolff and carried unanimously to adopt the following resolution:

BE IT RESOLVED that the Board hereby creates the following positions effective July 1, 2011:

- 3.0 FTE Special Education Teacher positions
- .2 FTE Art Teacher position

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn seconded by Mr. Lehmkuhl and carried unanimously to adopt the following resolution:

BE IT RESOLVED that pursuant to Sections 3031 and 3019-a of the Education Law, upon the recommendation of the Superintendent of Schools, the Board hereby terminates the probationary appointment of Sophia Sweeny, as a Mathematics tenure area teacher in the District, effective June 30, 2011;

BE IT FURTHER RESOLVED that the Board hereby directs the Board Clerk to notify the employee that her employment in the district shall terminate on the above date.

Joanne Regan asked if Apple and PC would be compatible. It was noted that the Mac will be able to open the Windows materials.

Meredith Nohai asked if there were term limits for Board positions. It was noted that the answer was no. Additionally, she asked what special education program was added to allow us to bring some of our students back from BOCES. In response it was noted that we redesigned some of our programs to offer self contained in the K-1 and Middle School environment.

Christy Weller addressed the Board with the information that they recently moved from a school with a lot of changes, and change made them the top school in the State. She noted that this is a great school district and she would like to see such involvement at all meetings. She then stated that she wishes the communities voice was heard when they spoke regarding the termination of Mrs. Sweeny.

Mr. Pandaleon addressed a particular Board member as to whether the “door is always open”. Mr. Hurley fielded the question noting that no one member can act alone and the best way to address the Board is as a whole at a Board meeting.

Another member of the public noted they thought that the Board was a voice for the public. Mr. Hurley noted that the Boards act most always on the recommendation of the Superintendent of Schools. The Board hires the Superintendent and other administrators and therefore, takes their recommendations when supported with data. The Board reflects the desires of the community in day-to-day planning, but the community is not just the parents of the students, it is each tax payer.

Mrs. Burns noted it is difficult to participate at the Board meetings and the level of transparency is less than expected. She asked what the Board could do to get more people to attend the Board meetings. The Board indicated that we love to have people attend and they are always welcome.
A student asked if the petition was taken into consideration. It was noted that it was on record with the Clerk.

Alec Pandaleon noted that the discussion about terminating an employee was held in executive session. For future agenda items he suggested a buy local program in such that a Veteran is given a 2% preference and the topic of bullying (what was done and what were the results).

Joanne Regan asked for increased communication between the schools. She noted that many times there are conflicts with events between the buildings. Additionally, she asked why parents are responsible to chaperone the 2nd, 3rd and 4th grade students on field trips when teachers are without students. She also asked, why are the teachers allowed to bring their own children/family on such trips.

A motion was made by Mr. Ross seconded by Mr. Wolff and carried unanimously to convene in executive session to discuss negotiations under the Taylor Law and potential litigation at 10:52 p.m.

The District Clerk was excused.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mr. Wolff, seconded by Mrs. Blackburn, and carried unanimously by roll call vote to adopt the following resolution:

WHEREAS, at the Special District meeting and election duly called and held on October 29, 2007, in the Millbrook Central School District, in the County of Duchess, New York (herein called “District”), the qualified voters of the District approved a Bond Proposition authorizing the Board of Education to perform an asbestos abatement/energy efficiency project at the Millbrook Middle School, and to expend therefore an amount not to exceed the estimated total cost of $504,827, and to levy and collect a taxes in annual installments in said amount to pay the principal and interest on the $504,827 bonds therein authorized to be issued;

Now, therefore, the Board of Education of the Millbrook Central School District, in the County of Duchess, New York, hereby resolves as follows:

Section 1. The District is hereby authorized to perform an asbestos abatement/energy efficiency project at the Millbrook Middle School, including necessary equipment, machinery, and apparatus; and all ancillary or related site and other work required in connection therewith. The estimated total cost of said specific object or purpose, including preliminary costs and costs incidental thereto and to the financing thereof, is $504,827 and said amount is hereby appropriated therefore. The plan of financing includes the issuance of $504,827 and said amount is hereby appropriated therefore. The plan of financing includes the issuance of $504,827 serial bonds of the District to finance said appropriation, and the levy and collection of taxes on all the taxable real property in the District to pay the principal of said bonds and the interest thereon as the same shall become due and payable. The District expects to receive Expanding our Children’s Education and Learning (herein referred to as “EXCEL”) Aid from the State of New York for the EXCEL Project, and such EXCEL and other State Aid as and when received by the District shall offset and reduce the amount of taxes authorized to be levied for said EXCEL project.
Section 2. Serial bonds of the District in the principal amount of $504,827 are hereby authorized to be issued pursuant to the provisions of the Local Finance law, constituting Chapter 33-a of the Consolidated Laws of the State of New York (herein called “Law”) to finance the balance of said appropriation.

Section 3. The following additional matters are hereby determined and declared: (a) The period of probable usefulness of said class of objects or purposes authorized pursuant to this resolution and for which said serial bonds authorized pursuant to this resolution are to be issued, within the limitations of Section 11.00a.97 of the law, is thirty (30) years. (b) The proceeds of the bonds herein authorized and any bond anticipation notes issued in anticipation of said bonds may be applied to reimburse the district for expenditures made after the effective date of this resolution for the purposes for which said bonds are authorized. The foregoing statement of intent with respect to reimbursement is made in conformity with Treasury Regulation Section 1.150-2 of the United States Treasury Department.

Section 4. Each of the bonds authorized by this resolution and any bond anticipation notes issued in anticipation of the sale of said bonds shall contain the recital of validity as prescribed by Section 52.00 of the law and said bonds and any notes issued in anticipation of said bonds, shall be general obligations of the District, payable as to both principal and interest by general tax upon all the taxable real property with the District without limitation or rate or amount. The faith and credit of the District are hereby irrevocably pledged to the punctual payment of the principal of and interest on said bonds and any notes issued in anticipation of the sale of said bonds and provision shall be made annually in the budget of the District by appropriation for (a) the amortization and redemption of the bonds and any notes in anticipation thereof to mature in such year and (b) the payment of interest to be due and payable in such year.

Section 5. Subject to the provisions of this resolution and of the Law and pursuant to the provisions of Section 21.00 relative to the authorization of the issuance of bonds with substantially level or declining annual debt service, Section 30.00 relative to the authorization of the issuance of bond anticipation notes and of Section 50.00 and Sections 56.00 to 60.00 of the Law, the powers and duties of the Board of Education relative to authorizing bond anticipation notes and prescribing the terms, form and contents and as to the sale and issuance of the bonds herein authorized and of any bond anticipation notes issued in anticipation of said bonds, and the renewals of said bond anticipation notes, are hereby delegated to the President of the Board of Education, the chief fiscal officer of the District.

Section 6. The validity of the bonds authorized by the resolution and of any notes issued in anticipation of the sale of said bonds, may be contested only if: (a) such obligations are authorized for an object or purpose for which the District is not authorized to expend money, or (b) the provisions of law which should be complied with at the date of the publication of such resolution, or a summary thereof, are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or (c) such obligations are authorized in violation of the provisions of the constitution.

Section 7. This bond resolution shall take effect immediately, and the District Clerk is hereby authorized and directed to publish the foregoing resolution, in summary, together with a Notice attached in substantially the form prescribed in section 81.00 of the Law in “The Poughkeepsie Journal” a newspaper having a general circulation.
WHEREAS, as a result of ground water infiltration into the crawlspace system at Millbrook Middle School (the “Middle School”) there has been mold growth in the crawlspace system as well as on the underside of the auditorium stage necessitating the temporary closure of the auditorium due to air quality concerns; and

WHEREAS, in order to ensure the safety, health and welfare of the students, employees and visitors in the Middle School and to preserve the School District’s property, it is necessary to remediate the mold as soon as possible as well as to mitigate the ground water infiltration to prevent a recurrence of the mold growth; and

WHEREAS, prior to the remediation of the mold in the crawlspace system, the crawlspace system must be abated of asbestos; and

WHEREAS, the Board is empowered to determine that the expense of these activities is an ordinary contingent expense within the meaning of §2023 of the New York State Education Law and §170.2(l) of the Regulations of the Commissioner of Education;

THEREFORE, BE IT RESOLVED, that the Board of Education of the Millbrook Central School District, hereby determines and declares that the cost of the asbestos abatement, mold remediation and mitigation of the ground water infiltration at the Millbrook Middle School as described in a writing by Mosaic Associates Architects, including incidental costs and expenses, constitutes an ordinary contingent expense within the meaning of §2023 of the Education Law and §170.2(l) of the Regulations of the Commissioner of Education, and hereby authorizes the expenditure of a sum not to exceed $504,827.00 for such purposes; and

BE IT FURTHER RESOLVED, that the Board hereby determines that the asbestos abatement, mold remediation and mitigation of ground water infiltration at the Middle School will not have a significant environmental impact and declares this project a Type II Action pursuant to ‘617.5 of the State Environmental Quality Review Act; and

BE IT FURTHER RESOLVED that the Board hereby authorizes the Superintendent of Schools to make transfers between and within functional unit appropriations in the general fund order to pay the costs of these ordinary contingent expenses.
