BE IT RESOLVED that the Board hereby accepts the minutes of the June 18, 2012 meeting of the Board of Education as presented.

Dr. Jaeger reviewed current legislation to remand school district's to pay parents within 30 days, upon receipt of a bill for a parently placed child in a Special Education setting that is not approved. He noted that currently these situations are decided by an Impartial Hearing.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn, seconded by Mr. Wolff and carried unanimously to adopt the following resolution:

WHEREAS, a last minute legislative effort has resulted in passage of a bill that would heap new financial and administrative burdens on our school districts by requiring Committees on Special Education to take a student’s home life and cultural environment into account when making special education placements and require reimbursement within 30 days of tuition payments made by parents for unapproved placements. And WHEREAS, the bill may well violate federal IDEA requirements and according to the Poughkeepsie Journal, “leave local school districts exposed to a myriad of lawsuits and soaring special educational costs.” And WHEREAS, this legislation came without sufficient time for due consideration, leaving schools blindsided with new costs after their budgets were decimated to stay under the tax cap. And WHEREAS, the legislation leaves districts with high ethnic and religious populations subject to outlandish parental demands, jeopardizing funds budgeted for other special education students and the general education population of the district; ignoring the fact that under the tax cap, unexpected funds must be taken from existing programs and services, hurting other students. And WHEREAS, there are better ways to make sure that parents don’t wait too long for reimbursement when it’s found to be warranted, streamlining how placement challenges are settled and being culturally sensitive when making placements. Allowing parents to demand private school placement when an appropriate public school programs exists is detrimental to other students and the taxpaying communities that support our schools. And WHEREAS, if the State of New York believes this is appropriate, it needs to provide the funding from its larger tax base and not expect local taxpayers to pay for a program that is not based on educational concerns. And WHEREAS, the bill is legally flawed, as Committees on Special Education do not have the authority to reimburse parents for private, unapproved placements within 30 days as required under the bill. They may only do so only when directed by a hearing officer.
And WHEREAS, this amounts to New York State’s first voucher program and one for only the wealthy, as only wealthy parents can afford to pay private, non-approved tuition payments and wait for reimbursement.

And WHEREAS, this is a voucher program intended to segregate our children. New York State has always been a leader in integrating all of our children, irrespective of race, culture or special needs. Now, we are not only allowing a return to segregation, we are encouraging it by paying wealthy parents to use high cost, private services based on culture and not the appropriate educational services needed by the student to separate student, depriving them of the advantages of a shared social experience.

Therefore, be it RESOLVED that the Board of Education calls on Governor Andrew Cuomo to veto this onerous and inappropriate legislation.

- Facilities Project Schedule – The schedule may have to be revised (deferred until Spring) in order to accommodate sports schedules. While the District has tried, they have been unsuccessful in obtaining a practice and game schedule to accommodate the Fall Program.
- High School Principal Search Committee interviewed for the position.
- Committee interviews and reference checking is well underway for the Director of Facilities. If they do have a successful candidate, Dr. Jaeger will offer them a letter of intent to hire and it will be presented to the Board at the August 13th meeting.
- Continued negotiations with regard to the APPR are ongoing.
- The English teacher position at the Middle School has not yet been filled, but the district is actively seeking a replacement.
- A Teacher Aide and a Library Clerk also resigned and were not filled as of yet. With the data received and anticipation of higher standards, it was noted that the administration would like to create a Math Intervention position in the Middle School level. This position would be funded by relocating the monies planned for the two vacated positions and special education grant funding. It was noted that if possible the district would seek a dual certified (math and special education) so that more students could be supported. The Board supported this plan and understood that formal motions regarding abolishing and creating positions would be forthcoming at the August 13th meeting.

Administrators' Reports -
- Dr. Christine Ackerman: State Performance Data – ELA, Math and Regents 2012 – Overall, our students in Grades 4 – 8 performed very well and showed improvement on the ELA and MATH assessment. The third grade class ranked 11 and 8 in ELA and MATH respectively in the county. Therefore, changes to grade 3 will have to be made to improve instruction.
Grade 5 did well on each assessment and it is felt that the improvement is due to departmentalization and therefore, departmentalization is being considered for other grades such as 4 and potentially 3 in the future. In Grade 7 ELA regression was noted, therefore this program will be reviewed. All other 6 – 8 ELA and MATH assessments showed improvement of 7 – 18% for the cohort.

Dr. Ackerman noted that when looking at the Regents results it is best to look at June versus June. Overall, the Regents results have improved and where they haven't adjustments are being made and will continued to be monitored.

Dr. Jaeger noted that beginning in the 2013-14 school year, the Regents questions will be configured differently as a result of the PARCC consortium assessment creation with regard to the Race to the Top Agenda.

Mr. Fried: Facilities Report and Project Update – It was noted that Mr. Ragusa prepared the Facilities Report as presented in the packet. There is continuing projects going on over the summer at the school sites. Roofing is well underway and almost completed at Elm Drive. They are scheduled to be completed by the end of the week. Vacuuming at Alden has begun and will be completed Wednesday. Abatement and rebuilding of that roof will continue until August 24th.

Mr. Fried noted that room 63, 64 and some halls and the library office incurred severe roof leaks and will require new ceilings and tiles.

Alden mechanical bids are anticipated to be accepted in late August.

The main purpose of this time was to determine what meeting and how much time to allot for board goal creation. It was noted that there are two meetings in August and that the Board would like to adopt the goals in September. The current Board goals will be forwarded to the Board for review. Then Board Goals will be on the next two agendas as Old Business.

(i) “Refunding Financial Plan” means the proposed plan for the refunding of all or a portion of the Outstanding Bonds, prepared for the District by the Financial Advisor, in the form attached hereto as Exhibit A.

Section 2. The Board of Education of the District (herein called the “Board of Education”), hereby authorizes the refunding of the Bonds To Be Refunded and appropriates an amount not to exceed $19,000,000 therefor to accomplish such refunding. The plan of financing said appropriation includes the issuance of not to exceed $19,000,000 Refunding Bonds and the levy and collection of a tax upon all the taxable real property within the District to pay the principal of and interest on said Refunding Bonds as the same shall become due and payable. Serial Bonds of the District in the maximum principal amount of not to exceed $19,000,000 are hereby authorized to be issued pursuant to the provisions of the Law. The Refunding Financial Plan, which is hereby accepted and approved, includes the deposit of all the proceeds of said Refunding Bonds with an Escrow Holder pursuant to an Escrow Contract as authorized in Section 10 hereof, the payment of all costs incurred by the District in connection with said refunding from such proceeds, and the investment of a portion of such proceeds by the Escrow Holder in certain obligations, the principal of and interest thereon, together with the balance of such proceeds to be held uninvested, shall be sufficient to pay (a) the principal of and interest on the Bonds To Be Refunded becoming due and payable on and prior to the Redemption Dates and (b) the principal of and interest on and premium, if any, on the Bonds To Be Refunded to be called for redemption prior to maturity on the Redemption Dates.

Section 5. The aggregate amount of estimated Present Value Savings is set forth in the proposed Refunding Financial Plan attached hereto as Exhibit A, computed in accordance with subdivision two of paragraph b of Sections 90.00 and 90.10 of the Law. Said Refunding Financial Plan has been prepared based upon the assumption that the Refunding Bonds will be issued in the aggregate principal amount and will mature, be of such terms, and bear such interest as set forth therein. The Board of Education recognizes that the principal amount of the Refunding Bonds, the provisions, if any, for the redemption thereof prior to maturity, and whether or not all of the Refunding Bonds will be insured, and the resulting present value savings, may vary from such assumptions and that the Refunding Financial Plan may vary from that attached hereto as Exhibit A.

(b) Prior to the issuance of the Refunding Bonds the President of the Board of Education shall file with the Board of Education all requisite certifications, including a certificate approved by the State Comptroller setting forth the Present Value Savings to the District resulting from the issuance of the Refunding Bonds. In connection with the sale of Refunding Bonds, the District authorizes the preparation of an Official

The President of the Board of Education and his designees are hereby further authorized and directed to take any and all actions necessary to accomplish said refunding, and to execute any contracts and agreements for the purchase of and payment for services rendered or to be rendered to the District in connection with said refunding, including the preparation of the Refunding Financial Plan.

Section 9. The validity of the Refunding Bonds authorized by this resolution may be contested only if:

(a) such obligations are authorized for an object or purpose for which the District is not authorized to expend money, or

(b) the provisions of law which should be complied with at the date of the publication of such resolution, or a summary thereof, are not substantially complied with,

and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

(c) such obligations are authorized in violation of the provisions of the constitution.

Section 10. Prior to the issuance of the Refunding Bonds, the District shall contract with a bank or trust company located and authorized to do business in this state, for the purpose of having such bank or trust company act as the Escrow Holder of the proceeds, if required by law, inclusive of any premium from the sale of the Refunding Bonds, together with all income derived from the investment of such proceeds. Such Escrow Contract shall contain

The Escrow Contract shall be irrevocable and shall constitute a covenant with the holders of the Refunding Bonds.

Section 11. The proceeds, inclusive of any premium, from the sale of the Refunding Bonds, immediately upon receipt, shall be placed in escrow by the District with the Escrow Holder in accordance with the Escrow Contract. All moneys held by the Escrow Holder shall be invested only in direct obligations of the United States of America or in obligations the principal of and interest on which are unconditionally guaranteed by the United States of America, which obligations shall mature or be subject to redemption at the option of the holder thereof not later than the respective dates when such moneys will be required to make payments in accordance with the Refunding Financial Plan. Any such moneys remaining in the custody of the Escrow Holder after the full execution of the provisions of the Escrow Contract shall be returned to the District and shall be applied by the District only to the payment of the principal or interest on the Refunding Bonds then outstanding.

Section 12. That portion of such proceeds from the sale of the Refunding Bonds, together with interest earned thereon, which shall be required for the payment of the principal of and interest on the Bonds To Be Refunded, including any redemption premiums, in accordance with the Refunding Financial Plan, shall be irrevocably committed and pledged to such purpose and the holders of the Bonds To Be Refunded shall have a lien upon such moneys and the investments thereof held by the Escrow Holder. The pledges and liens provided for herein shall become valid and binding upon the issuance of the Refunding Bonds and the moneys and investments held by the Escrow Holder shall immediately be subject thereto without any further act. Such pledges and liens shall be valid and binding against all parties having claims of any kind in tort, contract or otherwise against the District irrespective of whether such parties have notice thereof. Neither this resolution, the Escrow Contract, nor any other instrument relating to such pledges and liens, need be filed or recorded.

Section 13. In accordance with the provisions of Section 53.00 and of paragraph h of Section 90.10 of the Law, the Board of Education hereby elects to call in and redeem all the Bonds To Be Refunded which are subject to prior redemption according to their terms on the Redemption Dates, as such dates are determined by the President of the Board of Education. The sums to be paid therefor on such Redemption Dates shall be the par value thereof, the accrued interest to the Redemption Dates and the redemption premiums, if any. The Escrow Holder is hereby authorized and directed to cause notice(s) of such call for redemption to be

- Safety is still a huge concern in the schools across the United States. Philip noted that he has met with each Principal to review building safety plans and district safety plan. We will be running drills in each building and seek the support of local, county and state police to to ensure our plans are all inclusive.

Administrators' Reports -
Mr. Fried provided a budget update to the Board and community members. He noted that as of right now, our budget to budget rollover is about $1.3 million. Therefore, if we do nothing additional next year, it will be an increase of $1.3 million. Tax Levy limit will be well over 2% even with all of our exemptions. Budget drivers as of now are a 7% increase in health insurance, employee step increases, high needs special education students, teacher retirement system increase of 4.46% increase, and employees retirement system increase in required contributions. Additionally, we have some revenue shortfalls. We are slated to receive $24,000 less in aid than we received this year. St. Joseph's Catholic School in Millbrook will be closing, therefore we will have a loss of revenue in the amount of approximately $70,000 in health services contracts. In terms of strategies, the central administration has met with Principals regarding possible cuts, they have met with the First Student to consider a single run model which would save $200,000. Additionally, Dr. Ackerman is reviewing strategies to provide the least restrictive environment for our high needs students within the district. Mr. Fried noted that he will be recommending that the Board use some of its reserves to counter the tax levy.

Mrs. Fitzgerald noted that we have opened our fourth section of kindergarten today. It has 13 children in it. Additionally, Rebecca Glaser spoke to each of the Elm classes regarding drug and alcohol use.

Mr. Libka noted that the Alden All Stars have competed and will continue to work after school. The Reading for Dogs, now Canine Links, program has been continued and is a success.

Mrs. Amori has the flu and was dismissed from the meeting, but Mrs. Roberts has her report as follows: No Name Calling Week, Peer Mediation is ready to roll out, and the Enrichment Programs are being looked at during February.

In response to Carrie Minnerly, it was noted that we have always had the BOCES PR service but the people in the positions were new. It was also noted that if we were to go to a single school transportation schedule we would likely move all schools to an 8:00 start time. Discussions regarding the need for monitors and more buses began. It was noted that the district would be further exploring the bussing situation and would convene a community committee if needed.

Mr. Tobin asked if the District would conduct a parent survey prior to making a decision. Mr. Fried noted that the District would conduct surveys.

Mr. Rudy asked what kind of time frame was needed to make such a financial decision for the current budget process. Mr. Fried noted that this may be something that they discuss for the next budget process.

Mrs. Tobin thanked Mr. Libka and Ms. Hicks for the third grade coffee.
Mrs. Nohai addressed the Board regarding the parent portal on the website and information distributed on the website. She also asked that the information regarding the busing and possible single schedule be made available to the public as soon as possible.

Mr. Tobin addressed the Board regarding school safety. He noted that he does not feel Millbrook School District did much regarding the Sandyhook incident. He suggested that the school investigate the use of a school resource officer.

Mrs. Pitz noted that she is thrilled to have Mr. D'Angelo and his dedication to safety, more communication with parents (via internet) and Mrs. Intrieri and her creation of the high school Facebook page.

The Meeting was called to order in the Middle School Library at 7:31 pm by Thomas Hurley. He then led the Pledge of Allegiance.

The floor was opened for the public hearing on the 2013/14 school budget. To begin the hearing Mr. D'Angelo reviewed the proposed 2013/14 Budget as presented.

In response to Mrs. Minnery it was noted that the upcoming years would be difficult due to TRS and ERS funding. It was noted that if the budget was not passed the district can put the same budget back up, they could put a budget that was reduced or they could go to the contingent budget. If we had to go to a contingent budget we would need to cut $847,889 from the proposed budget. Additionally, it was noted that the Special Education cost per pupil only represents our students, not Cardinal Hayes students.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn, seconded by Mr. Ross and carried unanimously to adopt the following resolution: BE IT RESOLVED that the Board hereby accepts the minutes of the meeting of April 23, 2013 as presented.

Correspondence presented by Mr. D'Angelo:
   ✔ Letter verifying certified payroll.
   ✔ General Grant Application for MEF for Castle Learning for use K - 12
   ✔ Administrative Coffee with State Officials regarding NYS 3 - 8 Common Core
The Superintendent of Schools reported on the following topics:

- Status of the construction project for new HVAC equipment and athletic complex.
- Changes in Field Testing - There was a Technology Assessment Field Test that the District opted out of. It would have entailed two days of testing for one question in the BEDS form.

Mr. Fried noted that Victor Churchill would like to meet the audit committee to meet with him on June 17th at 6:45 p.m.

Rich Kozera asked about the projects going on in the district. In response, it was noted that MCSD has a Construction Manager, a Facilities Director and the Business Administrator is watching the building construction closely.

In response to Mr. and Mrs. Kozera, who could not be in attendance, it was noted that the Board has not reviewed the state tests in grades 3 – 8 ELA and Math. It was noted that the District was not sure if “outsiders” were permitted to review the test. Mr. Kozera also noted that students were not able to finish the test and were stressed by the testing. He also asked if the Board was preparing for replacement of the textbooks? On behalf of his wife, he asked why the district was not by-passing all field testing. He then asked what the students will be permitted to do if they do opt out. It was noted that they would likely be permitted to go to another room if they were in distress or distracting other students.

In response to Mr. Kozera, it was noted that a questionnaire did not get sent to parents of current third year parents because typically a district would try a program for two-years before dismantling the departmentalization. Additionally, it was noted that science and social studies are only being taught once a week and it is not working for his daughter and many other students. Parents would like some input into the program.

Upon the recommendation of the Superintendent of Schools, a motion was made by Mrs. Blackburn, seconded by Mr. Ross and carried unanimously to adopt the following resolution:
