The rules of §1.401(k)–1(f)(1) and for designated Roth contributions under a qualified cash or deferred arrangement shall apply to designated Roth contributions under the Plan. Thus, a designated Roth contribution under the Plan is a section 403(b) elective deferral that is designated irrevocably by the Employee at the time of the cash or deferred election as a designated Roth contribution being made in lieu of all or a portion of the section 403(b) elective deferrals the Employee is otherwise eligible to make under the Plan. A designated Roth contribution shall be treated by the Employer as includible in the Employee's gross income at the time the Employee would have received the amount in cash if the Employee had not made the cash or deferred election (such as by treating the contributions as wages subject to applicable withholding requirements); The Plan will allocate Roth contributions to a separate Account which shall be maintained in accordance with Treasury Regulation §1.401(k)–1(f)(2). Gains, losses, and other credits and charges shall be separately allocated on a reasonable and consistent basis to each Participant's Roth contribution Account and the Participant's other Accounts under the Plan. A designated Roth contribution under the Plan must satisfy the requirements applicable to section 403(b) elective deferrals under the Plan and the requirements of §1.403(b)–6(d). Similarly, a designated Roth account under the Plan is subject to the rules of Code sections 401(a)(9)(A) and (B) and §1.403(b)–6(e). Notwithstanding section 6.1 [the eligible rollover provision], a direct rollover of a distribution from a Roth Account under the Plan will only be made to another qualified Roth contribution program described in Code section 402A or a Roth IRA described in Code section 408A, the Plan will only accept a rollover contribution to a Roth Account if it is a direct rollover from another qualified contribution program described in Code section 402A, and the Plan will only make or accept a rollover if the rollover is permitted under the rules of Code section 402(c).

BE IT FURTHER RESOLVED that the Plan shall include the following new section 6.7 Roth 403(b) Contributions;

6.7 In-plan rollover from a Non-Roth Account to a Roth Account
If the Adoption Agreement so specifies-OR-If the Plan includes a qualified Roth contribution program, a Participant, Beneficiary, or Alternate Payee may, consistent with IRC § 402A(c)(4), direct an in-Plan qualified rollover contribution into a Roth Account of an amount under a Non-Roth Account that, for a transfer before January 1, 2013, the Participant, Beneficiary, or Alternate Payee otherwise was entitled to receive as an Eligible Rollover Distribution, or for a transfer after December 31, 2012 is consistent with IRC § 402A(c)(4)(E).
