Mr. Rudy introduced Dr. Paul Seversky and Mr. Doug Exley, who will be conducting a Consolidation Study for the District. Dr. Seversky and Mr. Exley explained the process involved in conducting the study. They identified the overriding study question: “What are the key questions/data/topics that our
school community needs to answer/discuss about how best to organize and deliver Kindergarten through grade 12 programs to enhance education quality and reduce the District’s operating expenses?”

They also identified two (2) desired outcomes for tonight’s meeting:
1. A rank-ordered tool that the District can use to focus their continue discussions, analysis, and actions;
2. A blue print for the study and for other analysis and research by the leadership team.

Mrs. Houston arrived at 7:32 p.m.

Particulars about the study include, but are not limited to, the following:
1. Are there options for consolidation of school buildings and the reorganization of operation and activities within the Millbrook Central School District for the purpose of enhancing educational quality and reducing the District’s operating expenses?
2. The methodology for the study is based on a focus for possible options and their “opportunities and challenges.”
3. Baseline tools to be used for the study are: Enrollment/Demographic Study & Pupil Capacity Study.
4. The Feasibility Study can be used as a tool for: school-community discussion, analysis, and possible decision-making.
5. The processes and procedures for public communication about the study and the role of the Board and District leadership regarding the study.

Dr. Seversky and Mr. Exley conducted a round-robin collection of ideas from the Board of Education members. They had the Board members rank all of their responses, and compiled a priority listing. Dr. Seversky and Mr. Exley will provide the District with a report from tonight’s meeting. They recommended that the report be posted on the District’s Web-Site.

4. Use the auditorium for movies, plays, concerts, and other productions;

WHEREAS, the Millbrook Central School District and Millbrook Board of Education were named as defendants in an action commenced by Stephen M. Clement, III and Sally D. Clement in the Supreme Court of the State of New York, County of Dutchess (the “First Action”); and

WHEREAS, after the First Action was commended, the Millbrook Central School District and Millbrook Board of Education commenced an action against Stephen M. Clement, III and Sally D. Clement in the Supreme Court of the State of New York, County of Dutchess, the purpose of which was to determine the parties’ rights regarding alleged restrictions affecting the District’s real estate (the “Second Action”); and

WHEREAS, The parties and their attorneys have negotiated a settlement with respect to all claims in the First Action and Second Action, which settlement is intended to conclude both actions and the parties’ disputes, according to the following terms:

1. The present restrictions on the District’s real estate (the “Property”) providing that nothing may be built on the Property, aside from residential structures, is terminated. The 200 foot buffer area restriction from the Clements’ boundary, secured by the Clements in the 2003 amendment, remains effective and is not terminated; provided however, if anything within the 200 foot buffer area that exists today needs repair/replacement, it may be repaired/replaced, like-kind, and the further provided that the Clements waive any objection to anything which presently exists within the 200 foot buffer. Except as provided above, the 2003 amendment is unchanged.

2. In the First Action, restrictions concerning who may use the new field (the “Athletic Facility”) and how were negotiated, but remain disputed. All such restrictions are amended as follows:

A. Until October 1, 2047, the Athletic Facility may be used (a) only by the Millbrook Central School District for its purposes; and (b) for non-school (community) events no more than a total of six (6) times annually. Town of Washington Recreation Department events for K-12 students shall be considered a type of community event which the parties agree is permitted, subject to the above limitation. On October 1, 2047, all such restrictions are deemed terminated.

B. Until October 1, 2027, the restrictions negotiated in the First Action as to hours of use and operation, use of lights, events, etc., as opposed to who may use the Athletic Facility, shall remain effective. On October 1, 2027, all such restrictions are deemed terminated.

C. Any use restrictions apply only to the Athletic Facility, and no other part of the District’s property.

D. If Stephen M. Clement, III and Sally D. Clement or their issue are no longer in title to their property, all restrictions described in this paragraph 2 are automatically terminated.
3. If either party breaches this agreement, the losing party shall pay all costs and reasonable attorney’s fees, as determined by the Court or arbitrator.
