March 25, 2021

Dear Millbrook Families and Staff,

We wanted to update you on a recent announcement by the Governor and the NYS Department of Health that could affect your spring break plans. Effective April 1, 2021, domestic travelers will no longer be required to quarantine after entering New York from another U.S. State or U.S. Territory. While quarantining will no longer be required, the NYS Department of Health still recommends that individuals returning from domestic travel quarantine upon their return as a precaution. Please note, however, that individuals will still need to quarantine upon return from international travel. All travelers must continue to fill out the Traveler Health Form. Individuals should continue strict adherence to all safety guidelines to stop the spread - wearing masks, socially distancing, and avoiding gatherings.

This memo is informational only, and does not relieve an individual of the responsibility of being familiar with any restrictions or parameters necessary for personal travel. Information regarding the travel restrictions can be found at: https://coronavirus.health.ny.gov/covid-19-travel-advisory

Please contact your building administrator or school nurse if you have any questions. Wishing you a great spring break. Stay safe and have fun!!

Sincerely,
Millbrook CSD Nurses
